

Model Evaluation Notes

Department: ENGINEERING

Category: Notes

Source: Synthetic Enterprise Knowledge Base

Audience: Internal staff with approved department access

Purpose

This document provides department-specific guidance for ENGINEERING staff and approved collaborators.

Key Requirements

- Top-K accuracy is measured against labelled expected sources.
- Query logs alone cannot prove retrieval accuracy without ground truth.
- Miss review logs should separate not-found, permission block, and low-score cases.
- Threshold choices must be justified using labelled evaluation results.

Review And Ownership

The ENGINEERING document owner reviews this content every 90 days or after a material process change.

Outdated versions should be archived before the replacement version is indexed.

RAG Test Notes

Queries about 'model evaluation notes' should cite this source when the user has access to ENGINEERING.

If a user from another department lacks permission, the system should not use this content in the answer.
