

Time Matters – Company Policy

ABC Technologies has a strict attendance policy for all employees. Working hours start at 9:00 AM, and employees are expected to arrive on time.

If an employee arrives between 9:01 AM and 9:15 AM, it will be recorded as a minor late entry. More than three minor late entries in a month will result in a warning.

If an employee arrives after 9:15 AM, it will be considered a major late entry. Two major late entries in a month will lead to a half-day salary deduction.

Employees who are late more than five times in a month, regardless of type, will be required to attend a performance review meeting with their manager.

Exceptions may be granted in
